Represents the <u>lowest</u> rate for a typical residential customer, excluding Regulated Provider rates Represents the <u>highest</u> rate for a typical residential customer, excluding Regulated Provider rates

NOTES

(a) The prices billed to a consumer on a variable rate plan will not exceed the price the marketer has on file with the Commission in effect at the beginning of the consumer's billing cycle (meter reading cycle). The prices billed

to a consumer on a fixed rate plan will not exceed the price on file with the Commission that was in effect at the time the consumer contracted with his or her marketer.

(d) Total Monthly Bill = [(Marketer variable rate x 22 therms) + (listed other charges) + (customer service charge) + (June base charge)]

(e) Total Annual Bill = [(Marketer fixed rate x 880 therms) + (listed other charges x 12) + (customer service charge x 12) + (annual base charges)]

(g) Prices do not include sales tax, which vary by county.

⁽b) The **Total Annual Bill** and **Total Monthly Bill** include the base charges from Atlanta Gas Light Company. The annual base charge for a typical customer with a 1.29 DDDC Factor is \$252.93 and is \$124.24 for qualifying senior citizens. The June 2005 base charge is \$16.78 for a typical customer with a 1.29 DDDC Factor, and is \$6.02 for qualifying seniors with a 1.29 DDDC Factor.

⁽c) "Apples-to-Apples" = (total monthly [annual] bill / monthly [annual] consumption)

⁽f) The Regulated Provider Group 1 customers - low income customers who are qualified by the State Dept. of Human Resources. Group 2 customers - high-credit risk customers who cannot obtain service from a marketer.
