PSC Publishes September Natural Gas Prices

ATLANTA, September 6, 2007—The Georgia Public Service Commission has published the September natural gas marketer prices on the Commission website, www.psc.state.ga.us, along with an “apples to apples” comparison of rates and a total bill comparison showing the differences among marketer rate plans. The monthly bill for a typical standard variable rate customer can vary by almost \$7.00, depending on the marketer chosen. Simply looking at the price per therm advertised by a marketer may not give an accurate comparison, as some marketers bill certain charges separately while others include them in the per therm rate. Monthly customer service charges can vary from \$3.45 to \$12.95, depending on the marketer and the various credit score criteria. For September an average customer is defined as having a 1.29 DDDC factor and using 17 therms for the month or 717 therms annually. The full pricing chart for September is attached to this release.

Georgia law provides that the “price for natural gas billed to a natural gas customer shall not exceed the marketer’s published price effective at the beginning of the consumer’s billing cycle.”

Natural gas prices charged by marketers in previous months can be found at: <http://www.psc.state.ga.us/gas/pricecard.asp>. Information on consumer complaints concerning natural gas marketers can be found on the Gas Marketer Scoreboard at: http://www.psc.state.ga.us/consumer_corner/cc_gas/scorecard.asp.

###

September 2007 Pricing Chart

Typical Customer = 1.29 DDDC Factor, 717 therms annual consumption, 17 therms September consumption.

NOTE: Senior citizens discount is either \$14.00 or the total amount of the AGLC base charges, whichever is LESS.

	Total Monthly Bill for Typical Customer	Monthly "Applies-to- Applies" Price per Therm	Total Annual Bill for Typical Customer	Annual "Applies-to- Applies" Price per Therm	Per Therm Rate (see note (b))	Customer Service Charge	Other Marketer Charges/Notes	Effective Date of Market Rates	Exit Fee/Early Termination Fee

Market prices must be filed by the 5th of each month
Commission website: www.psc.state.ga.us
All available market rate plans may not be listed on the website. Please contact the marketer for any additional rate plans or offerings.
If the marketer provided a range of customer service fees based on credit scores, then that marketer's Total Bill Calculations is calculated by using the average of the range. Specific customers total bill calculations may be different depending on the marketers' credit criteria.
(a) The price billed is a consumer on a variable rate plan will not exceed the price the marketer has on file with the Commission in effect at the beginning of the consumer's billing cycle (meter reading cycle). The consumer on a fixed rate plan will not exceed the price on file with the Commission that was in effect at the time the consumer contracted with his or her marketer.
(c) Interstate Capacity Charges and Balancing Charges are included on all rates unless otherwise noted.
(d) The Total Annual Bill and Total Monthly Bill include the base charges from Atlanta Gas Light Company. The annual base charge for a typical customer with a 1.29 DDDC Factor is \$254.31 and is \$23.01 for gas service only. The September 2007 base charge is \$15.69 for a typical customer with a 1.29 DDDC Factor, and is \$2.61 for qualifying seniors with a 1.29 DDDC Factor.
(e) "Apples-to-Apples" = (total monthly [annual] bill / monthly [annual] consumption)
(f) Total Monthly Bill = [(Market variable rate x 17 therms) + (listed other charges) + (customer service charge) + (September base charge)]
(g) Total Annual Bill = [(Market fixed rate x 717 therms) + (listed other charges x 12) + (customer service charge x 12) + (annual base charge)]
(h) The Regulated Provider: Group 1 customers - low income customers who are qualified by the State Dept. of Human Resources. Group 2 customers - high-credit risk customers who cannot obtain service from a utility.
(i) Prices do not include sales tax, which is now by county.
