BY THE COMMISSION:

On November 10, 1988, the Commission issued its Order in this docket. Subsequent to the issuance of the order it has been brought to the Commission's attention that revenue derived from the surcharges were used as an unfair competitive advantage and served no other useful purpose.

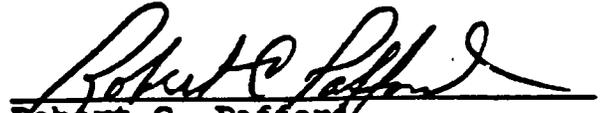

WHEREFORE, it is ORDERED that the fourth ordering clause be changed to read as follows:

"(4) All AOS providers should file tariffs with the Commission which set forth the services provided and the charges for those services. Only those rates filed and approved by the Commission may be charged. Any AOS provider tariff that sets its tariffed rates at or below the tariffed operator services rates for existing interexchange carriers will be deemed just and reasonable and will be permitted to go into effect without the need for further supporting data. Any AOS provider that desires to charge above the existing tariffed rates shall file cost, revenue and expense data justifying the proposed charge. Such tariffs shall require 30 days' notice as required by O.C.G.A. Section 46-2-25(a) and the effective date may be suspended by the Commission for the purpose of conducting a hearing. As with other interexchange carriers, AOS providers may make rate reductions after having given the Commission 14 days' notice. All rate increases shall require 30 days' notice as required by O.C.G.A. Section 46-2-25(a)."

BY ORDER OF THE GEORGIA PUBLIC SERVICE COMMISSION this the 7th day of November, 1989.
